

## Why That Lame Back?

Morning lameness, sharp twinges when bending, or an all-day backache; each is cause enough to suspect kidney trouble. Get after the cause. Help the kidneys. We Americans go it too hard. We overdo, overeat and neglect our sleep and exercise and so we are fast becoming a nation of kidney sufferers. 75% more deaths than in 1880 is the 1910 census story. Use Doan's Kidney Pills. Thousands recommend them.

## A Michigan Case

Michael Rupp, 1322 Walnut St., N. Lansing, Mich., says: "I used Doan's Kidney Pills several years ago for weak kidneys. My back used to ache and was often so lame that I could hardly step up and around. This kidney trouble passed too frequently to let me neglect it. I tried them and the first box helped me and I continued using them and was cured."

## TWO VARIETIES OF HEROES

One Who Admits He Is of Make Believe Adams, Tells of Life in the Trenches.

There are real heroes and make believe heroes; and they are not always easily distinguishable. I do not hide from myself the fact that I am a make believe hero. And yet, it is remarkable that I did not find the second week at the front as terrible as the first. It is not as bad as it seems, says a writer in the Atlantic.

When you get accustomed to the idea that you may be dead in a day, or in an hour, or in a minute, and when you are clear as to your future, your mind is relieved from constant depression. Involuntarily you become kind and helpful to those about you, you do not get vexed over trifles, you are ready to make all sorts of sacrifices.

Of course, if, in the midst of such a condition, a grenade suddenly drops into your trench, if you see three or four of your comrades getting killed, your mind returns, no matter how good an outward appearance you may keep up. At least for a while.

But then again the thought comes that getting wounded means rest and safety, and good care. And death? That is still less terrible. One thought of reaching one's destination along the shortest road! Is not death every one's final destination?—Atlantic.

## A Test of Friendship.

Andy Foster, a well-known character in his native city, had recently shuffled off this mortal coil in destitute circumstances, although in his earlier days he enjoyed himself prosperously.

On a recent occasion, an old friend of the family, attended the funeral and was visibly affected as he gazed for the last time on his old friend and associate.

The mourners were conspicuously few in number and some attention was attracted by the sombering funeral. "The old gentleman was very dear to you," ventured one of the bereaved after the funeral was over.

"Indeed, he was," answered the mourner. "And was one true friend. He never asked me to lend him a cent, though I knew that he was practically starving to death."—Harper's Magazine.

## Why He Left.

The large, good-looking man in the movie theater down his program in very evident disgust, and as he ground out his toes on his way out, we heard him mutter something. "The seat he had left was better than ours, so we moved over into it, wondering what could have set the old man off so. In about a minute we found out. In the row just behind sat a young man and a young woman, both grown. As the hero finished across the screen, the man said:

"Oh, dere he is. Bless his heart. 'Ou Telleben, Derelinde Furren's tubby, no know. I'd die the twelfth sing!"

"Muh-huh! But he didn't half so sweet as he is, is he?"

That's as long as we stayed.—Kansas City Star.

## The Only Way.

Food Administrator Hoover said in Washington, during the filibuster against the food control bill:

"We must control food, or flour will rise to \$20 a barrel and meat to fifty cents a pound."

"Why, look at prices already!"

"I am a haggard family man the other day."

"See here, Jones, you'll ruin your health if you work all day on your heels in the city and then go out and do night work on other men's books all the evening. My boy, you're burning the candle at both ends."

"I got to, Mr. Hoover, said Jones. 'Tis the only way to make both ends meet.'—Philadelphia Bulletin.

## Highly Dangerous.

"Now tell the truth, was my client's pistol loaded when he attacked you?"

"Yes, and so was he."

Occasionally there is a man wise enough to think poetry without writing it.

## KILLED MOSQUITO, BROKE HIS NOSE

Ole Bergstrom Has Prospered in Alaska Despite His Many Disasters.

## OFFERS NO COMPLAINT

Thinks All Accidents Are Work of Providence—Seward Physician On-ly Surprised When He Shows Up Intact.

Seward, Alaska. Ole Bergstrom is an intense, religious, homesteader who has lived in Alaska for twenty years or more and prospered both finan-cially and spiritually despite the fact that the misfortunes he has endured make Job's troubles trivial and inconsequential by comparison.

The whole period of Ole's residence in Alaska is plastered over with a net-work of overlapping and interlocking disasters, such as earthquakes, destructive wildfires, stock diseases, depredations of wild animals and other disas-ters which would drive the ordinary man to distraction, but which Ole accepts without complaint and in the firm conviction that they are the work of Providence in punishment for sins of commission or omission; al-though if Ole ever committed a really wrongful act in his life it is unknown to his neighbors.

Recently a mosquito perched unex-pectedly on Ole's nose, whereupon a well-directed blow from his hand-like palm effectually dislodged the pest. Stricken with the dreaded typhus, he lay at the point of death when, obeying the mandate of Germany, the imperial Ottoman government broke off diplomatic relations with the United States. Mr. Elkus' personality had so in-spired the Turkish government that his health was thoroughly restored and he could, without danger of a relapse, undertake the long and arduous journey to America. Mr. Elkus continued the excellent impression created by his predecessor, the Hon. Henry Morgenthau, and by his efficiency and kindness had done more than make himself popular in Turkey; he has made the United States popular. Without any diplo-matic training, the plain American lawyer who until then had been distinguished only by his philanthropy made an excellent record in an extremely difficult diplomatic post, and while en-gaged upon an errand of mercy, visiting a Red Cross soup kitchen, contracted the infection which so nearly cost him his life.

## Beat Upon Him.

Five years ago while returning to his ranch from a trading visit to Seward Ole unexpectedly came upon a brown bear and her cub at a turn of the trail on Resurrection river and, being wise to the general habits of brown bears, knew it was folly to run, particu-larly as he had a heavy pack upon his back. He saw something just had to happen to Ole it shows lack of both understanding and imagination on the part of those neighbors who criticize his action in hurrying at the mother.

## Armenia was upmost in my thoughts.

I talked with Ambassador Elkus. Pensive, in-dustrious, intelligent Armenia, an intellectual, clever in practical affairs and of lofty idealism. When Turkey entered the war there were two million Armenians, but the number of 1915 and 1916 very greatly reduced their number. Armenian business and wholesale slaughter of these people by the Turks makes this one of the most terrible crimes in the history of man-kind.

Why has Germany allowed these things to be done? The atrocities committed by the Turks in Armenia are perhaps no worse than those of the Germans themselves. There have been nothing in Belgium and France, but there is something in Germany in the cold-blooded extermina-tion of a brave and cultured people. What in-terest had Germany in allowing this thing to be done? The only explanation that can be offered is that Germany wanted the Armenians exterminated because it suited the purposes of her com-mercial greed.

The Armenians are the tanners, the molders, the blacksmiths, the tailors, the carpenters, the day-workers, the weavers, the shoemakers, the jewelers, the pharmacists, the doctors, the law-yers of Asia Minor and of the Turkish empire. They are at heart a conservative people and for hundreds of years their trade has been in the hands of Armenians. Therefore Germany closed her eyes while Turkey was exterminating them. The eyes while Turkey was exterminating them. The eyes while Turkey was exterminating them. The eyes while Turkey was exterminating them.

The presence of the Armenian was a menace, or at least threatened to retard the Pan-German de-velopment of Mittel-Europa.

Sympathy for the United States. There is throughout the Levant and the Balkans a real and deep-rooted sympathy for the United States. The leading Bulgarian states-men are graduates of American schools and cul-men are graduates of American schools and cul-men are graduates of American schools and cul-men are graduates of American schools and cul-

Some time later Harry Hoben and Jim Lavis came along the trail and were greatly surprised when they finally discovered that Ole's heart was still beating, and more surprised an hour later when he regained consciousness. These two good Samaritans rigged up a kind of litter and picked Ole up. Doctor Seward to Doctor Seward's office. Doc-tor Seward never is surprised at Ole's ailments; never is surprised when Ole ar-rives intact.

Possibly the most peculiar of the innumerable accidents which have be-fallen Ole occurred last summer on the ranch of Erick Lucas. Lucas was having some land cleared up a club to be used for the purpose of a work-savagery agreement with Neighbor Lucas, when he sank his double bladed axe in a spruce log in an effort to split it. The log did not split and the axe was so deeply imbedded that the handle was useless in removing it. **OUR COUNTRY!** In her intercourse with foreign nations, may she always be in the right; but our country, right or wrong.—Stephen Decatur.

**ARRESTED FOR USING CONCRETE ROAD IN SENECA**  
During the past summer a stretch of concrete road has been put down on the trunk line between this city and Milwaukee, and since the concrete was put in but before it was ready for use the farmers out there began to use it, notwithstanding the fact that they were ordered not to and knew that the road should not be used. The result was that Louis Amundson, one of them arrested this week. One of the men had hauled a load of potatoes over the road and the other had gone over it with an automobile. One of the men had hid his load and it is probable that the other one will do so in order to avoid further trouble.

Mr. Amundson does not like to arrest people for running over roads before they are opened, but he does intend to enforce the law, and he is right and will have the support of everybody in the matter, and those who have occasion to use this road should wait until it is opened. It is expected that the road will be opened to the public next Wednesday.

**OPENING OF AGRICULTURAL AND DOMESTIC SCIENCE SCHOOL**  
The opening of the Agricultural and Domestic Science School will occur in this city on Monday of next week. The indications are now that there will be a large attendance this fall notwithstanding the unusual demand for workers of all kinds in other lines.

**CITY COUNCIL IN SESSION**  
A regular meeting of the common council was held last Tuesday night at which there was considerable business disposed of.

Mr. Kellong was appointed a member of the water and light commission in place of Geo. T. Rowland whose term of office had expired. Mr. Weeks was also appointed as manager of the Electric and Water company to fill the position made vacant by the resignation of C. P. Gross.

The sum of \$56,000 was appropriated for the schools, which is \$16,000 more than last year. The schools of the city have been running behind each year, the commissioners, instead of trimming the expenditures to fit their income, have carried an overdraft from year to year until the amount had got so large that it was apparently becoming formidable.

In the past the council has granted just a little less than was necessary to handle the school business as mapped out by the commissioners, so that the present plan will probably take care of the matter in better shape than has been the practice in the past.

The fact that the city fathers appreciate the necessities of the matter is a good thing. It is now proposed to pay off a part of the indebtedness each year.

The city budget this year amounts to \$104,325, and should the state tax be about the same as last year, the city taxes will amount to about a million. However, it is probable that the state tax will be even higher than it was last year.

**ROAD MEETING FRIDAY**  
There will be a road meeting on Friday at the court house for the purpose of hearing the opinions of our citizens on the proposed highway that will connect the different court seats of the state. There is some controversy over the road between this city and Plover, and it would be a good idea to attend the meeting and hear yourself talk for awhile.

**RUDOLPH**  
The first of a series of entertainments to be given this winter in Rudolph will occur on Monday evening, Oct. 8, on which occasion the Poter-Hopewell company will be here. The lecture course will have six numbers and announcement of the coming entertainments will be given later.

**PLOVER ROAD**  
Mr. and Mrs. John Walter spent Sunday near Plover at the home of the latter's brother, Rudolph. The dance at the Gilbert all home Tuesday evening was well attended and all report a good time.

Miss Madeline Perren is employed in Grand Rapids.

Willie Moll has gone to St. Paul, Minnesota, where he will be employed.

Mr. and Mrs. Henry Hansen and son Henry and Mrs. Boonman spent Sunday evening at the Peter Perren home.

A number of young folks spent Sunday evening at the Mober home.

Leroy Lutz of Grand Rapids spent the week end at the Peter Perren home.

A number from here attended the dance at Bron last Thursday evening and all report a fine time.

Everybody is busy digging potatoes nowadays.

**NILES-NASH**  
Miss Anna Niles and Mr. Jos. Nash both of this city, were married on Tuesday at nine o'clock in the morning at St. Peter and Paul church, Rev. Wm. Reding officiating. They were accompanied by Miss Mildred Nash and Earl Verdunder.

After the wedding ceremony a wedding breakfast was served at the home of the bride's parents, only the immediate friends and relatives of the contracting parties being present. Both of the young people are well and favorably known in this city, the bride being the daughter of Mr. and Mrs. John Niles, and a most estimable young lady, while the groom is employed by the street car company, being one of their reliable employees.

Among the out of town guests in attendance at the wedding were Mrs. George Bauer of Hilbert, Mrs. Matt Niles of Hilbert, Mrs. Joseph Niles of Hilbert and Mr. and Mrs. M. Jackals of Chilton.

**BIRTHS**

**ASKED TO QUIT**  
Wednesday at 6 o'clock p. m. New London was without an assistant postmaster. For some time past an investigation had been in progress by the postoffice department and Inspector Robinson reached a conclusion Wednesday that it would be necessary to suspend L. A. Herrmann, deputy postmaster for cause.

An investigation shows that a considerable amount of mail has made up from month to month. How much is short has not been made known.

Mr. Herrmann is bonded for \$2000 and no doubt remains but that the company will further investigate the matter. He had been in the postoffice for a number of years. Further developments will likely follow. It is to be hoped that all will be made right in the end.

**Report Absolutely False**  
The department of agriculture at Washington, D. C. has sent out the following statement:

To the Housewives of America:—There is no truth in the statement that the government expects to take the food supplies from any family. There are many rumors on this subject, including one that the government has encouraged the canning and drying of fruits and vegetables so that the government can take them away from the people. THIS IS FALSE. No one has any authority from the government to enter any home to inspect the food supply, and any one claiming any such authority should be immediately reported to the police. Any one spreading such reports is liable to arrest.

**HARVEST DANCE**  
A Harvest dance will be given at the Amusement Hall on Wednesday evening, October 10th.

Ellis 7 piece orchestra will furnish the music for the occasion and the admission will be 50 c per ticket.

A cordial invitation is extended to the public.

**OUR COUNTRY!** In her intercourse with foreign nations, may she always be in the right; but our country, right or wrong.—Stephen Decatur.

**ARRESTED FOR USING CONCRETE ROAD IN SENECA**  
During the past summer a stretch of concrete road has been put down on the trunk line between this city and Milwaukee, and since the concrete was put in but before it was ready for use the farmers out there began to use it, notwithstanding the fact that they were ordered not to and knew that the road should not be used. The result was that Louis Amundson, one of them arrested this week. One of the men had hauled a load of potatoes over the road and the other had gone over it with an automobile. One of the men had hid his load and it is probable that the other one will do so in order to avoid further trouble.

Mr. Amundson does not like to arrest people for running over roads before they are opened, but he does intend to enforce the law, and he is right and will have the support of everybody in the matter, and those who have occasion to use this road should wait until it is opened. It is expected that the road will be opened to the public next Wednesday.

**OPENING OF AGRICULTURAL AND DOMESTIC SCIENCE SCHOOL**  
The opening of the Agricultural and Domestic Science School will occur in this city on Monday of next week. The indications are now that there will be a large attendance this fall notwithstanding the unusual demand for workers of all kinds in other lines.

**CITY COUNCIL IN SESSION**  
A regular meeting of the common council was held last Tuesday night at which there was considerable business disposed of.

Mr. Kellong was appointed a member of the water and light commission in place of Geo. T. Rowland whose term of office had expired. Mr. Weeks was also appointed as manager of the Electric and Water company to fill the position made vacant by the resignation of C. P. Gross.

The sum of \$56,000 was appropriated for the schools, which is \$16,000 more than last year. The schools of the city have been running behind each year, the commissioners, instead of trimming the expenditures to fit their income, have carried an overdraft from year to year until the amount had got so large that it was apparently becoming formidable.

In the past the council has granted just a little less than was necessary to handle the school business as mapped out by the commissioners, so that the present plan will probably take care of the matter in better shape than has been the practice in the past.

The fact that the city fathers appreciate the necessities of the matter is a good thing. It is now proposed to pay off a part of the indebtedness each year.

The city budget this year amounts to \$104,325, and should the state tax be about the same as last year, the city taxes will amount to about a million. However, it is probable that the state tax will be even higher than it was last year.

**ROAD MEETING FRIDAY**  
There will be a road meeting on Friday at the court house for the purpose of hearing the opinions of our citizens on the proposed highway that will connect the different court seats of the state. There is some controversy over the road between this city and Plover, and it would be a good idea to attend the meeting and hear yourself talk for awhile.

**PLOVER ROAD**  
Mr. and Mrs. John Walter spent Sunday near Plover at the home of the latter's brother, Rudolph. The dance at the Gilbert all home Tuesday evening was well attended and all report a good time.

Miss Madeline Perren is employed in Grand Rapids.

Willie Moll has gone to St. Paul, Minnesota, where he will be employed.

Mr. and Mrs. Henry Hansen and son Henry and Mrs. Boonman spent Sunday evening at the Peter Perren home.

A number of young folks spent Sunday evening at the Mober home.

Leroy Lutz of Grand Rapids spent the week end at the Peter Perren home.

A number from here attended the dance at Bron last Thursday evening and all report a fine time.

Everybody is busy digging potatoes nowadays.

**NILES-NASH**  
Miss Anna Niles and Mr. Jos. Nash both of this city, were married on Tuesday at nine o'clock in the morning at St. Peter and Paul church, Rev. Wm. Reding officiating. They were accompanied by Miss Mildred Nash and Earl Verdunder.

After the wedding ceremony a wedding breakfast was served at the home of the bride's parents, only the immediate friends and relatives of the contracting parties being present. Both of the young people are well and favorably known in this city, the bride being the daughter of Mr. and Mrs. John Niles, and a most estimable young lady, while the groom is employed by the street car company, being one of their reliable employees.

Among the out of town guests in attendance at the wedding were Mrs. George Bauer of Hilbert, Mrs. Matt Niles of Hilbert, Mrs. Joseph Niles of Hilbert and Mr. and Mrs. M. Jackals of Chilton.

## SOLDIER LAWYERS FROM WOOD COUNTY

WHEREAS: Three of the members of this Association, A. J. Crowns, H. F. Duckart and Earl Nelson, have answered our country's call to arms, and are now in the United States Army to aid in protecting, preserving and perpetuating the beneficent and ennobling principles of democracy; Therefore be it

RESOLVED: By the Wood County Bar Association that we extend to them and each of them our sincere thanks and praise for the sacrifice they have made in leaving their business and profession for the service and dangers incident to the lives they have so nobly chosen.

We bid them God-speed and assure them that the best wishes of this Association go out to Crowns, Duckart and Nelson for their highest success and safe return.

We pledge to them our united and loyal support; we will protect their good names from the abuse of slackers, and will do all in our power to uphold the Government and squelch its enemies at home. Further, be it

RESOLVED: That a copy of these Resolutions be forwarded to each of the above named; that a copy be presented to the Circuit and County Courts with the request the same be spread upon the minutes in each court.

The foregoing are Resolutions unanimously adopted by the Wood County Bar Association at a meeting held at Grand Rapids, on October 1, 1917. On the same day the resolutions were ordered spread upon the minutes of the Circuit and County Courts, thereby making a permanent record for future reference, to be pointed to with pride by the soldiers named.

## TO THE EDITOR OF THE LADIES COLUMN

Dear Madam:

The longer I keep house the more I realize how slow women are to accept and adopt modern methods in their housework. All round me I hear women complaining that they have to pay from \$1.75 to \$2.10 a day to their women workers, often changing every week and sometimes struggling along without any until a good one chances along. Every big city has numerous laundries equipped with modern machinery and able to take care of any number of family washings.

I have a family of seven. Five are children. Every week my laundry is sent to be done rough dry.

The flat work, such as sheets, pillow slips, tablecloths, napkins, come back ironed. The starched pieces come back rough dry.

Now, this costs about \$1 a week. If anything is lost, it is hunted up or paid for willingly.

Suppose I had a woman to do this work. At the least it would mean \$1.75 a day, one meal, soap, starch and necessary heat; minor details as clothespins, wash boiler clotheslines, etc. Besides, I would feel utterly sorry for the wash woman.

Why not use the modern plan and ring up 387.

Henry Geer, who makes his home with his daughter and son-in-law, Mr. and Mrs. Charles Matthews, passed his 87th birthday on Tuesday, and as a memento of the event, he took a layoff from his regular occupations and indulged in a walk down the east side of the river.

When he had reached a point which he thought was about far enough for a man of his age, he stopped and inquired how far it was back to the city, and was surprised to find that he had covered a distance of three and one-half miles. However, he reached home safely in time for dinner without suffering any ill effects from his unusual exercise.

Mr. Geer is greatly interested in gardening, and every year he raises some very fine vegetables, but this year he overdid his usual stunt by getting a lot down near the Northwestern bridge where he cultivated and raised about fifty bushels of potatoes, besides a quantity of cabbage and other vegetables, there being some very fine specimens in the lot.

J. J. McDonald of Marshfield, owns a farm at Milladore. Among other crops raised there this season was 50 acres of rye which yielded 1660 bushels or a little over 33 bushels per acre.

In addition to that, says the Marshfield Herald, he baled the straw for which he is getting \$7 a ton. 50 tons of which will go to Camp McCoy for use of soldiers there. The amount received for the straw will be better than \$600.

Mike Sierck brought us in a fine beet on Wednesday which he had saved for us while threshing his beets the other day. If a few more of our friends will bring us in beets and other vegetables which they have complimentary notice in the Tribune, and it is probable that later on in the season we will have a few choice vegetables to sell. The beet that Mike Sierck brought in weighs four pounds being almost round and a fine purple color, about the shade usually assumed by beets at this time of year.

Henry Geer, who makes his home with his daughter and son-in-law, Mr. and Mrs. Charles Matthews, passed his 87th birthday on Tuesday, and as a sort of a celebration of the event, he took a layoff from his regular occupations and indulged in a walk down the east side of the river.

When he had reached a point which he thought was about far enough for a man of his age, he stopped and inquired how far he was back to the city, and was surprised to find that he had covered a distance of three and one-half miles. However, he reached home safely in time for dinner without suffering any ill effects from his unusual exercise. Mr. Geer is greatly interested in gardening, and every year he raises some very fine vegetables, but this year he overdid his usual stunt by getting a lot down near the Northwestern bridge which he cultivated and raised about fifty bushels of potatoes, besides a quantity of cabbage and other vegetables, there being some very fine specimens in the lot.

Waukesha Dispatch: The marriage of Lieut. George C. Mohlke of Neokosa and Miss Margaret Jones, youngest daughter of Mr. and Mrs. Ellis O. Jones, Sr., Maple avenue, was solemnized at Waukesha, Ill., last Saturday evening. Immediately after the ceremony the groom left for Camp Green, N. C., where he has been assigned to duty instructing recruits for the national army, and the bride returned to her home here, to remain until war developments alter present plans. She is one of Waukesha's best known girls and popular in her chosen circles. Lieut. Mohlke received his army commission at the conclusion of the first officers' reserve corps training camp at Fort Sheridan, Ill., last month. He was a senior at Carroll college when the call for new officers came and with several others of his class was successful in securing an appointment to the camp. A college graduate, Lieut. Mohlke was prominent as an athlete, having starred on the football team for three seasons.

# CAMP GRANT HOLDS 3,381 BADGER MEN

SOUTHERN COUNTIES OF STATE  
SEND TROOPS TO ILLINOIS  
SCHOOL FOR SOLDIERS.

## ALL ARE EAGER FOR ACTION

Troops Will Be Given Training in Regular War Style—Bomb Throwing, Gas Fighting and Other Methods to Be Introduced.

Camp Grant, Rockford, Ill.—Out of the 20,000 soldiers hard at work in the various branches of the Camp Grant "school for soldiers" 3,381 are Wisconsin officers and men.

Maj. Gen. Thomas H. Barry and his staff since coming to Camp Grant have been working to form the Eighty-sixth division. John Barrett, director-general of the Pan-American union, having passed a day at the camp, will carry back to Washington a glowing report of the progress already made in the efforts to make the Eighty-sixth division a splendid military machine.

Carpenters are erecting a new building near headquarters for the French and Italian soldiers who are coming here to instruct the officers in the methods of modern warfare. Other workmen were putting up additions to the headquarters building, it having been found too small.

Bomb throwing, gas fighting and all other necessities of trench battling will become part of the schooling of the selected men in various months here as soon as they have been given the first groundwork of infantry organization.

This official announcement was made at camp headquarters along with the statement that fifty young officers who have been receiving special instructions under Col. Azan of the French army at Cambes, France, will report here as instructors within a few days.

The news that actual trench conditions are soon to be met with acted as a special incentive to the men in camp, all of whom are hard at work at their soldier tasks.

With the new plan there will be 350 men to a company, and less than a hundred of these will be officers, according to the new order. The organization of the new companies will make them almost a complete fighting unit.

There will be eighty men assigned as hand and rifle grenadiers, while forty men will be equipped with nothing more than a broomstick.

The promised big program comes between the Sox and the Glants, with the proposed visits of big entertaining features to the camp, are engrossing the men during their spare time.

## NEAL BROWN LAID TO REST

Buried in Pine Grove Cemetery in Spot He Selected—Bar Pays Honor to Dead Lawyer.

Wausau—Neal Brown was buried in Pine Grove cemetery in a spot which himself loved. Services were conducted on the broad lawn of the Brown home, under the trees, by the Rev. Richard Evans, pastor of the Methodist Episcopal church. They were under the Masonic auspices.

The bar of the state and Marathon county paid honor to the dead lawyer. Chief Justice John B. Winslow, and Associate Justice M. B. Rosenberry of the state supreme court, and former Justice R. D. Barnes of the court, represented the bar before which Mr. Brown had appeared with distinction many times. Circuit Judges G. W. Burnell of Oshkosh and Byron P. Park of Stevens Point also attended.

Emerson Trough, the writer, was there as representative of the Campfire club to which Mr. Brown belonged. Masonic lodges from Merrill and Tomahawk were also represented.

Years ago Mr. Brown drew landscape garden plans for Pine Grove cemetery and superintended the planting of trees, building an imperishable monument to him. All the trees were chosen from Marathon county forests.

# WILL RECEIVE FEDERAL AID

Wisconsin to Get \$1,500,000 During Next Ten Years from Government for Vocational Training.

River Falls—Wisconsin will receive as federal aid for practical education in vocations of an industrial, home economics and agricultural nature, and the training of teachers for these purposes, \$1,500,000 during the next ten years.

The agricultural committee consisting of Assemblyman C. E. Hanson, River Falls; Milton L. Kinnaman, Tomah; and George Cummings, Eau Claire, together with E. W. Schultz, Sheboygan, president of the state board of vocational education, and Frank L. Glynn, director of vocational education of the state, have been making a thorough survey of conditions. It is proposed to learn just what localities are at the present time best fitted to carry on this work in the best manner for the purposes intended.

With this purpose in view, the state board of vocational education held one of the largest educational meetings yet known in the state, at Monomonic and educators from all sections of the state appeared.

The state board of vocational education is going into matters pertaining to proper and suitable facilities with the greatest thoroughness and it is now engaged in making a broad canvass of the situation so that the best interests of this state will be served in the distribution of the federal funds.

## COAL SUPPLY IS ASSURED

Report Received by L. C. Whittier Shows Fuel Is Coming in Rapidly to Wisconsin By Boat.

Madison—Wisconsin is moving rapidly toward a solution of the coal situation. A report was received by Secretary L. C. Whittier of the executive office from Fuel Investigator W. N. Fitzgerald in which he stated that coal was now being moved rapidly to Wisconsin by boat.

"The report is very detailed but it shows that from many coal mines fuel is now being moved to Wisconsin," said Secretary Whittier. "The report shows that large quantities of coal have already been sent. He is very optimistic about the relief which Wisconsin will get immediately. Mr. Fitzgerald will be kept on the job and I am sure now that results will be forthcoming."

About three weeks ago (for Philip) appointed Mr. Fitzgerald, Milwaukee, a fuel investigator and he has immediately taken hold of the problem with all of the Eastern mines.

## PEDIGREED OATS OFFERED

Milwaukee County Agricultural School Will Trade for Common Oats With Any Farmer in State.

Milwaukee—The Milwaukee County Agricultural school stands ready to exchange bushels for bushels. It peddles Wisconsin oats for common oats with any Wisconsin farmer who desires to make an exchange. The school has a large quantity of the wheat obtained from the school's land was also large and ran nearly forty bushels to the acre. The attendance at the school this year is large considering war conditions, there being 86 pupils in attendance.

## BANK RESOURCES SHOW GAIN

Report Issued on September 11 Shows Increase of \$47,112,949 Over That Issued a Year Ago.

Madison—Unusual prosperity of the people of Wisconsin is shown by an abstract of reports of state and mutual savings banks and trust companies made to State Bank Commissioner A. E. Kuntz on Sept. 11.

The total resources of the 737 state banks and trust companies operating in Wisconsin on Sept. 11 amounted to \$32,821,377.80, which was an increase of \$7,498,469.81 over that of June 30, 1916, and of \$47,112,949.36 over that of Sept. 12, 1915.

State banks and trust companies do about one-half of the banking business of the state, the other having been done by national banks. Commissioner Kuntz said that subscriptions to the local liberty bond issue would probably take some of the increase of bank resources during the next few weeks.

# WISCONSIN RICH IN AUTOMOBILES

ONE TO EVERY FIFTEEN PERSONS—RANKS SIXTH IN UNITED STATES.

## 160,000 LICENSES ISSUED

An Increase of Forty Per Cent Over Last Year—Figures Show War Has Not Deterred People from Purchasing.

Madison—Wisconsin now stands in sixth place in the per capita ownership of automobiles among the states of the union, with one automobile to every fifteen persons. Iowa leads with one automobile to every nine persons. Wisconsin has 160,000 motor driven vehicles exceeding motor-cycles against 115,000 licenses issued during the whole of last year, an increase of 40 per cent.

Indications are that 165,000 individual motor licenses will be issued this year, of dealers licenses 2,000 and motorcycle licenses 7,000. These figures are taken from advanced sheets of Good Roads for Wisconsin, the official organ of the Good Roads Association of Wisconsin. They indicate that the war has not deterred people from purchasing automobiles. This is clearly shown by the fact that in 1915, 93,000 motor vehicle licenses were issued and in 1916, 115,000, an increase of 25,000 or 24 per cent. The figures for motor-cycles are not included therein. Assuming licenses issued this year this will mean an increase of 49,400 cars, or 42 per cent over last year, a remarkable showing.

The United States government estimate of the population of the state of Wisconsin, made on Jan. 1, 1916, was 2,600,000. Allowing for the normal increase since then it means that there is one automobile for every fifteen persons in the state. It means more than that—that Wisconsin is leading up among the states in the per capita ownership of automobiles.

## COMMISSIONS TO SELECT

Wisconsin Men Can Apply for Examination at Camp Custer By Committee—Bring in Slackers.

Battle Creek, Mich.—Maj. Gen. M. Bickman announced he will appoint a commission to examine drafted men from Wisconsin and Michigan who think themselves eligible for commissions.

These accepted will be trained in Camp Custer. Instead of Port Sheridan, starting probably in December. Drafted men yet to come on the third and fourth calls will be as eligible as those already here.

Wisconsin regiment, the 340th Infantry, is better than half infantry. The medical examinations have been held in Madison and four men are being drilled in civilian clothes than any other regiment.

Two hundred slackers, who failed to report as ordered were brought here under guard but none were from Wisconsin.

Parents of Wisconsin boys sent to Camp Custer will be glad to know that all selected will have Wednesday afternoons off, as well as Saturday afternoon and evening and Sunday.

## THINK WELL OF BADGER MEN

Companies E, F and G of the Second Wisconsin Cheered at Rainbow Division Review.

Camp Mills, L. I.—Of all the 27,000 soldiers of the Rainbow division marching in the recent review for Secretary of War Baker and Chief of Staff Tasker H. Bliss, Companies E, F and G of the Second Wisconsin were applauded the loudest. These were militia boys who were sent to the "sidelines" to start the cheering, but the applause grew into a roar as the Wisconsin soldiers swept by. The band struck up "On Wisconsin," as they came before the reviewing stand and then swung into "The Girl I Left Behind Me." The Wisconsin men showed excellent discipline and presented a fine appearance.

The three companies, hailing from Oshkosh, Appleton and Fond du Lac, were transferred to the Forty-second, better known as the Rainbow division, several weeks ago from Camp Douglas. They now are a machine gun battalion under Maj. Hall of Fond du Lac and are attached to the Eighty-third Infantry brigade.

# NEW BRITISH DRIVE

HAIG'S TROOPS GAIN FROM 1,000 TO 1,200 YARDS EAST OF YPRES.

## STRONG POSITIONS ARE TAKEN

Important Posts Around Tower Hamlets and Powerful Works Captured During Drive on Six-Mile Front.

London, Sept. 28.—In an attack along a six-mile front on Tuesday the British troops captured an important position around Tower Hamlets and strong field works, according to the official report from Field Marshal Haig tonight. Powerful resistance was offered by the Germans throughout the day, and they delivered many strong attacks. "But," says the British commander, "our operations were entirely successful."

British Headquarters in France and Belgium, Sept. 28.—Along the northern part of the battle line to the east of Ypres, where Field Marshal Haig resumed the offensive, the British have advanced at numerous places for a distance of from 1,000 to 1,200 yards. An early report, which was somewhat vague, indicated that the British were fighting along a line only a few hundred yards west of Zonnebeke.

The Germans are resisting desperately, and along a front of some thousand yards astride the Ypres-Mound road a terrific struggle is proceeding. The line of the present battle is between points to the east of St. Julien and southwest of Gheluvelt. The Germans already have been pushed out of many important positions.

## CHEER T. R. IN CHICAGO

Says Every One of German Descent Should Fight Autocracy—Assails Senator La Follette.

Chicago, Sept. 28.—Colonel Roosevelt brought his message of Americanism, "Children of the Melting Pot," to Chicago on Wednesday night.

Speaking as a "child of the crucible," he addressed a crowd of 12,000 at the Starry night and then declared enthusiasm of the sort that placed the roof of the pavilion in jeopardy at the Roosevelt and Wilson rallies on Americanism last year. He tore loose against the pacifists and propagandists with naked phrases.

He ripped up an indictment of Senator La Follette.

"The English in America fought for America," he declared, "because our country," said the colonel early in his remarks. "And now every one of German descent should stand shoulder to shoulder for this country and against the bloody tyranny of the Prussianized autocracy."

"The Hun inside our gate, Senator La Follette," was the opener of the colonel's onslaught upon the Wisconsin senator. "The most sinister foe of democracy at this moment is Senator La Follette," the colonel said.

Reply to Pope Gives Conditions Upon Which Germany Will Evacuate—Must Separate Districts.

London, Sept. 28.—Germany has agreed to evacuate Belgium on certain conditions. It is declared in a German official statement, according to a dispatch from Bern given out by the wireless press.

Germany, it is stipulated, must have the right to develop her economic enterprises freely in Belgium, especially at Antwerp.

The proposal was made in a supplementary note to the Vatican, replying to the peace initiative of Pope Benedict.

Belgium must undertake to maintain administrative separation of the Flanders and Walloon districts introduced by Germany.

## BIG RUSS VICTORY NEAR

Slavs Win Two Battles With Germans and Advance Towards Petrograd.

Petrograd, Sept. 28.—Russian forces in two battles have succeeded in driving the army of the German advance from Riga toward the capital.

The Russian vanguard was driven back at Riga, 120 miles southwest of Petrograd. The main body of the invaders met with defeat south of the Riga high road, 162 miles from the city of Peter the Great built.

Russian armies are now everywhere on the Riga front on the offensive, and the campaign to recapture the multi Baltic port before winter sets in is progressing in the most favorable degree.

## STEEL PRICES ARE CUT

REDUCTION AS GREAT AS 70 PER CENT DECIDED UPON.

American Government and the Entente Allies Are to Buy on the Same Basis.

Washington, Sept. 20.—An agreement between the war industries board and steel producers, reducing the price of steel from 70 to 70 per cent was announced on Monday following its approval by President Wilson. The new figures become effective at once and are subject to revision January 1, 1918.

The price for steel plates of \$3.25 per hundredweight, or \$65 a ton, is 70.5 per cent less than recent quotations.

The steel men held out for about \$18 a ton, but were forced into line for the lower figure by Bernard Baruch of the war industries board and others who represented the government in conferences during the last few days.

## BIG I. W. PLOT IS BARED

Conspiracy to Burn Cities and Kill Officers Told at Trial of Antidraft Agitators at End, Okla.

End Okla., Sept. 26.—A revelation of 2,000,000 manuscripts, nationwide in scope, backed by I. W. W. and 48 affiliated organizations, including the Working Class union, in which it was planned to apply the torch to small cities, shoot officers of the government and demoralize communication, was planned for July 27, 1917, according to the testimony given on Monday by Will Hoover, state witness in the trial of 11 alleged antidraft agitators from central Oklahoma.

The Industrial Workers of the World were to launch the uprising, Hoover said. "Rube" Munson, alleged state organizer of the W. C. U., told a meeting of the Friendship league in an open court near Muskogee.

At a prearranged time the W. C. U. was to capture main roads, take charge of banks, burn bridges and cut telegraph wires, while the I. W. W. acted for the larger cities in a like manner.

## BAKER SEES U. S. VICTORY

War Secretary Also Promises Worse for Germany on the Western Front Next Spring.

Washington, Sept. 28.—Secretary of War Newton D. Baker on Wednesday issued the first of a series of weekly statements commenting on military activity in Europe.

The statement in part follows: "It may be stated affirmatively that the ascendancy in the west has definitely passed to the allies, though the latter are content by tactics of attrition to wear down the enemy, giving no rest or respite until such a time as the force of our arms may make itself felt in the field."

"The week just closed has been one of increased activity on the part of the allies on the western front, and may be taken as a presage of what the enemy is to expect next spring."

# AIR RAIDS ON LONDON

U. S. SOLDIERS IN CAPITAL DURING AIRPLANE AND ZEPPELIN ATTACK AT NIGHT.

## 15 PERSONS SLAIN BY BOMBS

Seventy Others Wounded During Two Raids on Capital—Official Report Says Material Damage Was Slight.

London, Sept. 27.—Many American soldiers, on leave in London, had their first experience with German air raiders Monday night. A large number were at various places of amusement and on the streets when the warning signals were given.

Fifteen persons were killed and seventy others injured in the air raid over London on Monday night.

The Zeppelins which crossed the Yorkshire and Lancashire coasts did not penetrate inland, being driven off by gunfire. Three women were injured.

Only two airplanes at the most penetrated the defenses of London, it is reported officially.

The following official report was given out by Lord French, commander of the home defenses: "Airplane Raid.—The latest reports concerning the airplane raid show that the group of raiders which approached London was driven off by the fire of anti-aircraft guns. Only one, or at the most, two machines penetrated the defenses. The casualties in all the raided districts reported by the police up to the present are: Killed, 15; injured, 70. The material damage was not great."

"Airship Raid.—Enemy airships crossed the Yorkshire and Lancashire coasts between midnight and 3 a. m. There is no evidence of their having penetrated to any distance inland. They were driven off by gunfire from various defended localities which they attempted to approach. Bombs were dropped at one coast town, there was some slight injury. Little damage was caused."

## SENATE VOTES 8 BILLIONS

Urgent Deficiency Measure Passed Without Roll Call—Warning Made by Martin.

Washington, Sept. 27.—The senate on Tuesday passed the \$8,000,000,000 urgent deficiency bill without a roll call as Senator Martin of Virginia, Democratic leader, uttered a warning which expenditure must cease.

The bill totaled \$7,991,925,220. The figures were slightly changed, for \$1,200,000 was taken out and \$360,000 was added.

The house granted the army \$3,500,733,735, and the senate added \$73,247,391, making a total of \$12,758,381,320.

The navy was given \$73,619,623 by the house and the senate added \$24,045,500, a total of \$97,665,123.

## CAMP GRANT HOLDS 3,381 BADGER MEN

SOUTHERN COUNTIES OF STATE  
SEND TROOPS TO ILLINOIS  
SCHOOL FOR SOLDIERS.

### ALL ARE EAGER FOR ACTION

Troops Will Be Given Training in Regular War Style—Bomb Throwing, Gas Fighting and Other Methods to Be Introduced.

Camp Grant, Rockford, Ill.—Out of the 20,000 soldiers hard at work in the various branches of the Camp Grant "school for soldiers" 3,381 are Wisconsin officers and men.

Maj. Gen. Thomas H. Barry and his staff since coming to Camp Grant have been working to form the Eighty-sixth division, John Barrett, director-general of the Pan-American union, having passed a day at the camp, will carry back to Washington a glowing report of the progress already made in the various branches of the Eighty-sixth division a splendid military machine.

Carpenters are erecting a new building near headquarters for the French and British officers who are coming here to receive instruction in the methods of modern warfare. Other workmen were putting up additions to the headquarters building, it having been found too small.

Bomb throwing, gas fighting and all other noxious of trench fighting will become part of the school, and the selected men in attendance here as well as they have been given the first groundwork of infantry organization.

This official announcement was made at camp headquarters along with the statement that fifty young officers who have been selected for special instruction under Col. Azan of the French army at Cambridge, Mass., will report here as instructors within a few days.

The news that actual trench conditions are soon to be met with actual special instruction to the men in camp, all of whom are hard at work at their soldier tasks.

With the new plan there will be 250 men to a company, and less than a hundred of these will be riflemen, according to the new order. The organization of the new company will make them almost a complete fighting unit.

There will be eighty men assigned as hand and rifle grenadiers, while forty men will be equipped with nothing more than a trench knife. The promised new fighting games between the French and the Americans, with the proposed visits of big entertainment features to the camp, are engrossing the men during their spare time.

## WILL RECEIVE FEDERAL AID

Wisconsin to Get \$1,500,000 During Next Ten Years from Government for Vocational Training.

River Falls—Wisconsin will receive as federal aid for practical education in vocations of an industrial, home economics and agricultural nature, and the training of teachers for these purposes, \$1,500,000 during the next ten years.

The agricultural committee consisting of Assemblyman C. E. Hanson, River Falls; Miles L. Hineman, Tomah and George Cummings, Eau Claire, together with E. W. Schultz, Sheboygan, president of the state board of vocational education, and Frank L. Glynn, director of vocational education of the state, have been making a thorough survey of conditions. It is proposed to learn just what localities are at the present time best fitted to carry on this work in the best manner for the purposes intended.

With this purpose in view, the state board of vocational education held one of the largest educational meetings yet known in the state, at Menomonie, and educators from all sections of the state appeared.

The state board of vocational education is going into matters pertaining to proper and suitable facilities with the greatest thoroughness and is now engaged in making a broad canvass of the situation so that the best interests of this state will be served in the distribution of the federal funds.

### COAL SUPPLY IS ASSURED

Report Received by L. C. Whittier Shows Fuel Is Coming in Rapidly to Wisconsin By Boat.

Madison—Wisconsin is moving rapidly toward a solution of the coal situation. A report was received by Secretary L. C. Whittier of the executive office from Fuel Investigator W. N. Fitzgerald in which he stated that coal was now being moved rapidly to Wisconsin by boat.

"The report is very detailed but it shows that from many coal mines fuel is now being moved to Wisconsin," said Secretary Whittier. "His report shows that large consignments have already been sent. It is very optimistic about the relief which Wisconsin will get immediately. Mr. Fitzgerald will be kept on the job and I am sure now that results will be forthcoming."

About three weeks ago Gov. Philipp appointed Mr. Fitzgerald, Milwaukee, as fuel investigator and he has immediately taken hold of the problem with all of the Eastern mines.

### PEDIGREED OATS OFFERED

Milwaukee County Agricultural School Will Trade for Common Oats With Any Farmer in State.

Milwaukee—The Milwaukee County Agricultural school is ready to exchange bushels for bushel No. 1 pedigreed Wisconsin oats for common oats with any Wisconsin farmer who desires to make an exchange.

This announcement is made by Principal Fessenden of the Milwaukee County Agricultural school, who says the exchange will be made so long as the school's oats supply holds out, with the one limitation that the pedigreed oats be used exclusively for seed. The agricultural school had a phenomenal yield from the fourteen test plots, and obtained over nine acres of bushels. The wheat yield obtained from the school's land was also large and nearly forty bushels to the acre. The attendance at the school this year is large considering war conditions, there being 85 pupils in attendance.

### BANK RESOURCES SHOW GAIN

Report Issued on September 11 Shows Increase of \$47,174,949 Over That Issued a Year Ago.

Madison—Unusual prosperity of the people of Wisconsin is shown by an abstract of reports of state and mutual savings banks and trust companies made to State Bank Commissioner A. E. Kauts, Sept. 11. The total resources of the 767 state banks and trust companies operating in Wisconsin on Sept. 11 amounted to \$329,821,377.91, which was an increase of \$7,498,469.31 over that of June 30, and \$47,174,949.36 over that of Sept. 12, 1916.

State banks and trust companies do about one-half of the banking business of the state, the other having been done by national banks. Commissioner Kauts said that subscriptions to the next liberty bond issue would probably take some of the increase of bank resources during the next few weeks.

Soldier Married and Arrested. Rhinelander—Carl Eary, Milwaukee, overstay his marriage through and was arrested. He married Mrs. Bertha Spolarich.

## WISCONSIN RICH IN AUTOMOBILES

ONE TO EVERY FIFTEEN PERSONS—RANKS SIXTH IN UNITED STATES.

### 160,000 LICENSES ISSUED

An Increase of Forty Per Cent Over Last Year—Figures Show War Has Not Deterred People from Purchasing.

Madison—Wisconsin now stands in sixth place in the per capita ownership of automobiles among the states of the union, with one automobile to every fifteen persons. Wisconsin has 160,000 motor driven vehicles, excluding motorcycles and trailers, 115,000 licenses issued during the whole of last year, an increase of 40 per cent.

Indications are that 165,000 individual motor licenses will be issued this year, of dealers licenses 2,050 and motorcycle licenses 7,000. These figures are taken from advanced sheets of Good Roads for Wisconsin, the official organ of the Good Roads Association of Wisconsin. They indicate that the war has not deterred people from purchasing automobiles. This is clearly shown by the fact that in 1915, 98,000 individual motor licenses were issued and in 1916, 115,000, an increase of 25,000 or 24 per cent. The figures for motorcycles are not included therein. Assuming licenses issued this year this will mean an increase of 49,400 cars, or 42 per cent over last year, a remarkable showing.

The United States government estimate of the population of the state of Wisconsin, made on Jan. 1, 1916, was 2,560,000. Allowing for the normal increase since then it means that there is one automobile for every fifteen persons in the state. It means more than that—that Wisconsin is leading among the foremost states in its per capita of automobile ownership.

### COMMISSIONS TO SELECTS

Wisconsin Men Can Apply for Examination at Camp Custer By Committees—Bring in Slackers.

Battle Creek, Mich.—Maj. Gen. M. Dickman announced that he will appoint a commission to examine drafted men from Wisconsin and Michigan who think themselves eligible for commissions. Those accepted will be trained in Camp Custer, instead of Fort Sheridan, starting probably in December. Drafted men yet to come on the third and fourth calls will be as eligible as those already here.

Wisconsin regiment, the 340th infantry, is better than half uniformed. The medical examinations have been highly satisfactory and fewer men are drilling in citizen clothes than any other regiment.

Two hundred slackers, who failed to report as ordered were brought here under guard but none were from Wisconsin.

Parents of Wisconsin boys sent to Camp Custer will be glad to know that all selectees will have Wednesday afternoons off, as well as Saturday afternoon and evening and Sunday.

### THINK WELL OF BADGER MEN

## NEW BRITISH DRIVE

HAIG'S TROOPS GAIN FROM 1,000 TO 1,200 YARDS EAST OF YPRES.

### STRONG POSITIONS ARE TAKEN

Important Posts Around Tower Hamlets and Powerful Works Captured During Drive on Six-Mile Front.

London, Sept. 28.—In an attack along a six-mile front on Tuesday the British troops captured an important position around Tower Hamlets and strong field works, according to the official report from Field Marshal Haig, and they delivered many strong attacks. "But," says the British commander, "our operations were entirely successful."

British Headquarters in France and Belgium, Sept. 28.—Along the northern half of the battle line to the east of Ypres, where Field Marshal Haig re-advanced at numerous places for a distance of from 1,000 to 1,200 yards. An early report, which was somewhat vague, indicated that the British infantry was fighting along a line only a few hundred yards west of Zonnebeke.

The Germans are resisting desperately, and along a front of some thousand yards astride the Ypres-Menin road a terrific struggle is proceeding. The line of the present battle is between points to the east of St. Julien and southwest of Cheluvet. The Germans already have been pushed out of many important positions.

### CHEER T. R. IN CHICAGO

Says Every One of German Descent Should Fight Autocracy—Assails Senator La Follette.

Chicago, Sept. 28.—Colonel Roosevelt brought his message of American "Solidarity of the Melting Pot," to Chicago on Wednesday night.

Speaking as a "child of the crucible myself," he addressed a crowd of 12,000 at the Stockyards pavilion that uncorked enthusiasm of the sort that placed the roof of the pavilion in jeopardy at the Roosevelt rally. He railed on Americanism last year. He lost to the pacifists and propagandists with naked phrases.

He ripped out an indictment of Senator La Follette.

"The English in America fought for America when England became our enemy," said the colonel early in his remarks. "I am now every one of German descent should stand shoulder to shoulder for this country and against the bloody tyranny of the Prussianized autocracy."

"The Hun inside our gate, Senator La Follette," was the opener of the colonel's onslaught on the Wisconsin senator. "The most sinister foe of democracy at this moment is Senator La Follette," the colonel said.

### STEEL PRICES ARE CUT

REDUCTION AS GREAT AS 70 PER CENT DECIDED UPON.

American Government and the Entente Allies Are to Buy on the Same Basis.

Washington, Sept. 26.—An agreement between the war industries board and steel producers reducing the price of steel from 50 to 70 per cent was announced on Monday following its approval by President Wilson. The new figures become effective at once and are subject to revision January 1, 1918.

The price for steel plates of \$3.25 per hundredweight, or \$95 a ton, is 75.5 per cent less than recent quotations.

The steel men held out for about \$68 a ton, but were forced into line for the lower figure by Bernard Baruch, of the war industries board and others who represented the government in conferences during the last few days.

### BIG I. W. PLOT IS BARED

Conspiracy to Burn Cities and Kill Officers Told at Trial of Aircraft Agitators at Enid, Okla.

Enid, Okla., Sept. 26.—A revolution of 2,000,000 unemployed, nation-wide in scope, backed by I. W. W. and 48 affiliated organizations, including the Working Class union, in which it was planned to apply the torch to small cities and demoralize communication, was planned for July 27 last, according to the testimony given on Monday by Will Hoover, state witness in the trial of 11 alleged aircraft agitators from central Oklahoma.

The Industrial Workers of the World were to launch the uprising. Hoover said, "Hub" Munson, alleged state organizer of the W. C. U. told a meeting of the Friendship local in an open corner near Saksawaka.

At a prearranged time the W. C. U. was to capture small towns, take charge of banks, burn bridges and cut telegraph wires, while the I. W. W. cared for the larger cities in a like manner.

# NEXT WEEK IS FARMERS WEEK!

but not necessarily for the farmers alone. City people with gardens, raised "on account of the war," we hope, will make entries this year. The Opening Day is next Tuesday, Oct. 9th, and for that one day and the rest of the week we are running a few specials from every department each day. These will be on sale one day only, and are every one very good bargains

WATCH FOR THE BILLS to be distributed next Saturday for the items listed on sale each day, and for the rules governing the entries.

## \$250.00 IN CASH PRIZES for the best specimens of Fruits, Vegetables and Grains

The following are the rules of entry, the amounts to exhibit, and the Cash Prizes offered for each variety of produce:

The Ladies Aid met with Mrs. W. W. Stoepe last Tuesday.

Sunday school has been changed to 10:30 in the forenoon instead of 1:30 p. m. Try and be present.

Mrs. A. Zeimer was quite sick last week, but is up and around at present.

Rev. G. W. Schroeder and Arthur Thompson of Milwaukee spent a few days last week with his brother here.

Paul Schroeder is pastor of the St. Paul's Episcopal church there.

John Dawson is painting his house. Joe Schneider has the foundation for his new house laid. It will be 26x32 in size.

Rev. Roy Dawson, who is visiting his father here, gave a very good sermon at the church last Sunday.

Aug. Schiller finished filling silos here last week.

Chas. Fenske is looking after the Hemlock bridge stone work at Vesper.

Mr. and Mrs. Carl Heizburg are the proud parents of a baby girl born September 19.

The lad who sticks around awhile after office hours to finish up a job seldom has to ask for a raise in pay.

# NEXT WEEK IS FARMERS WEEK!

but not necessarily for the farmers alone. City people with gardens, raised "on account of the war," we hope, will make entries this year. The Opening Day is next Tuesday, Oct. 9th, and for that one day and the rest of the week we are running a few specials from every department each day. These will be on sale one day only, and are every one very good bargains.

WATCH FOR THE BILLS to be distributed next Saturday for the items listed on sale each day, and for the rules governing the entries.

## \$250.00 IN CASH PRIZES for the best specimens of Fruits, Vegetables and Grains

The following are the rules of entry, the amounts to exhibit, and the Cash Prizes offered for each variety of produce:
